**For Public Use.**

*This press release is issued by State Street Global Advisors Singapore Limited ("SSGA" or the "Manager", Company Reg. No: 200002719D, regulated by the Monetary Authority of Singapore) and has not been reviewed by the SFC. It may not be reproduced, distributed or transmitted to any person without express prior permission. This press release and the information contained herein may not be distributed and published in jurisdictions in which such distribution and publication is not permitted.*

*Nothing contained here constitutes investment advice or should be relied on as such. The value of PAIF and the income from it, if any, may fall or rise. Past performance of PAIF is not indicative of future performance. The prospectus for PAIF is available and may be obtained from the Manager and downloaded from PAIF's website: [www.abf-paif.com](http://www.abf-paif.com)<sup>1</sup>. The semi-annual distributions are dependent on PAIF's performance and are not guaranteed. Listing of PAIF on the SEHK does not guarantee a liquid market for the units and the Fund may be delisted from the SEHK. PAIF may use or invest in financial derivatives.*

*Bonds generally present less short-term risk and volatility than stocks, but contain interest rate risk (as interest rates rise, bond prices usually fall); issuer default risk; issuer credit risk; liquidity risk; and inflation risk. These effects are usually pronounced for longer-term securities. Any fixed income security sold or redeemed prior to maturity may be subject to a substantial gain or loss.*

*International Government bonds and corporate bonds generally have more moderate short-term price fluctuations than stocks, but provide lower potential long-term returns.*

*Diversification does not ensure a profit or guarantee against loss.*

*In general, ETFs can be expected to move up or down in value with the value of the applicable index. Although ETFs may be bought and sold on the exchange through any brokerage account, ETFs are not individually redeemable from the Fund. Investors may acquire ETFs and tender them for redemption through the Fund in Creation Unit Aggregations only, please see the prospectus for more details.*

*ETFs trade like stocks, are subject to investment risk, fluctuate in market value and may trade at prices above or below the ETFs net asset value. Brokerage commissions and ETF expenses will reduce returns. Frequent trading of ETF's could significantly increase commissions and other costs such that they may offset any savings from low fees or costs.*
